

Teaching, Taking & Training for Transformation

“The “family” atmosphere was absolutely wonderful! I received much encouragement and help in taking people through the “Steps”. The fellowship was superb! We are presently in the process of starting a CFM in Colorado Springs. We hope to “roll out” the CFM at the beginning of Fall. Prayer support and church leadership meetings are taking place. - Mr. & Mrs. H, Colorado

Have you been **touched** by the message of freedom? Are you searching for **tools** to help you disciple others? Would you like to be connected with a **team** working together to **transform** our nation?

Then CFM University is for you!

Freedom in Christ Ministries developed CFMU to equip individuals and churches to establish a Community Freedom Ministry (CFM).

CFMU training will provide biblical, practical textbooks, online courses, opportunities for additional training and relational connection.

A Community Freedom Ministry is a “freedom presence” in a church or community and consists of the following:

Teaching the message of freedom (as taught in Dr. Neil Anderson’s best-selling books, *Victory Over the Darkness* and *The Bondage Breaker*)

Taking people through *The Steps to Freedom in Christ*

Training individuals to take others through *The Steps to Freedom in Christ*

*I had been praying about starting a CFM in my church for years but hadn't moved forward due to lack of knowledge. Our CFM began 4 weeks after I graduated from CFMU and has been running smoothly ever since. I feel completely equipped and confident in every situation! CFMU gave me the training, knowledge, resources and network I needed to move forward. Oh, and did I mention I made some life-altering friendships? Thank you FICM for listening to the call...

I was absolutely amazed how intentional the Staff and Ministry Associates were about helping us mobilize these ministries. CFMU gave the participants the opportunity to share ideas, challenge each other and work with the material the way it best suited our own needs.

Phenomenal privilege.
